

NV9 USB+

- 'The next generation banknote validator'

- **Exceptional field reliability**
- **Enhanced sensing technology**
- **Cashbox & bezel options to suit all applications**
- **Future proof**
- **Add on recycler available**

Features

various cashbox and bezel options

proven field reliability

enhanced sensing technology = high acceptance rate for multi-currency

easy maintenance, free firmware updates

over 100 different world currencies accepted

optional note float unit

Benefits

versatile validator, suitable for all applications

lowest cost of ownership

takes more cash

future proof - quick & easy updates via USB, PC or handheld programmer

a truly global product

ability to add note recycling
